

## QUOTABLES

"In the beginning the universe was created. This has made a lot of people very angry and been widely regarded as a bad move." –Douglas Adams, author

"One may understand the cosmos, but never the ego; the self is more distant than any star." –G.K. Chesterton, writer

"Only two things are infinite, the universe and human stupidity, and I'm not sure about the former." –Albert Einstein, physicist

"Incidentally, disturbance from cosmic background radiation is something we have all experienced. Tune your television to any channel it doesn't receive, and about 1 percent of the dancing static you see is accounted for by this ancient remnant of the Big Bang. The next time you complain that there is nothing on, remember that you can always watch the birth of the universe." – Bill Bryson, author

"All inquiries carry with them some element of risk. There is no guarantee that the universe will conform to our predispositions." –Carl Sagan, astronomer
